PIGMENT COMPANY

Quality Policy

Burgess Pigment's primary reason for existence is to provide a meaningful return on investment made in the company. In order to do this, we must strive to find the most cost effective way to provide excellent products to our customers in a timely manner.

In order to reach this goal over the long term, our commitment to our customers and associates is defect free products and service. We are further committed to provide our associates with the resources and training to make this possible.

We will perform according to customer requirements and we are dedicated to continually improving our quality capabilities.

"Zero Defects" is the only quality level acceptable.

In order to achieve our Quality Goals and Objectives, we are committed to maintaining a Quality Management System conforming to the ISO 9001:2008 group of standards.
