Price Increase Notification

Effective January 10, 2025

Dear Valued Customer:

In our present environment of unpredictable and uncontrolled raw material and logistics cost increases, we are now forced to address the unrelenting cost pressures with our customer base. Effective January 10th, 2025, pricing will increase. Certain market segments will realize significantly higher increases depending upon grade, form, logistics, freight inland & ocean, forwarding fees, package, and volume, or as contracts allow.

Our continuing goal is to deliver the best possible Quality and Service with the most favorable economics. This increase will allow us to maintain these proven standards. We wish to take this opportunity to thank you for your business and we look forward to the privilege to be of service in the future.

Sincerely yours,

Thomas O. Adrien
Executive Vice President
